Haas TCM Inc. announces corporate name change to reflect expanded global reach and capabilities February 1st, 2010

In recent years, Haas TCM Inc. and subsidiaries has continued to expand by growing with our customers and completing strategic acquisitions that have expanded our capabilities and global reach. Today, we are one of the largest chemical supply chain managers in the world offering:

- Chemical Management Services
- Product Distribution
- Supply Chain Management
- Hazardous Communication Services

In order to better reflect this growth and expansion, I am pleased to inform you that we have officially changed our name to Haas Group International Inc. and the graphic identity of our company to Haas Group International.

In the near future, the former Haas TCM Inc. and its subsidiary companies will operate under the brand Haas Group International.

While the change to our corporate name and brand reflects our stature as one of the world's largest chemical supply chain managers, our customer-focused business philosophy remains the same:

- Provide the Right Material
- At the Right Place
- At the Right Time
- In the Right Way
- At the Right Cost

The growth of our company has been gratifying. Yet, we realize that our success is based on providing attentive and tailored service and a broad range of products to help you succeed. This mutually beneficial relationship is one we are intent on maintaining and building in the years ahead.

Please contact Jim Gutknecht, Chief Administrative Officer, Haas Group International Inc. at 484-564-4528 or jim.gutknecht@haasgroupintl.com if you have any questions or require additional information about our name change or new corporate branding.

Sincerely

Thad Fortin
Chief Executive Officer
